General Safety Precautions

Your safety is your personal responsibility.

Always follow the correct procedures.

Never take shortcuts.

Take responsibility and clean up if you made a mess.

Clean and organize your workspace.

Ensure a clear and easy route to emergency exits and equipment.

Be alert and awake on the job.

Be attentive at all times to your work surroundings.

When in doubt, contact your supervisor or manager for instruction, guidance, or training.

Never take risks when it comes to safety.

Obey safety signs, stickers, and tags.

Report serious injuries immediately to a supervisor and get emergency assistance.

Keep things in perspective. Hazards may be limitless, so focus on the most likely risks first.
